Biohazard Environments

Blood borne pathogens, bodily fluids, Virus's & diseases and hypodermic needles pose a real risk to the environment as well as both human & animal health.

The liability of trauma & crime scene's far exceeds the hazards most cleaning companies and their employee's are willing to undertake. washing blood or any other contaminants down a drain and into the sewer system is illegal in the UK for fear of contaminating the sewers & spreading disease.

Crime Scene Cleaning UK are specialists in decontaminating, removing and restoring any potential biohazard scene back to it's original condition.

Service provisions to biohazard area's include :-

- ✓ Crime & trauma scene cleaning
- ✓ Natural / accidental death
- ✓ Removal of blood & human tissue from highways
- ✓ Contaminated police & prison cells
- ✓ Needle search, collection & disposal
- ✓ Virus & disease decontamination
- ✓ Cleansing and removal of bird droppings, animal fouling and carcasses
- ✓ Gross filth cleaning
- ✓ Removal and replacement of contaminated floorboards
- ✓ Incidents to transport services
- ✓ Decontamination & clean-up of bodily fluids

" Certificate of completion for every job fulfilled"

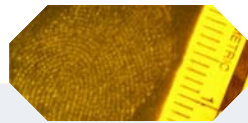

Forensic Environments

Crime Scene Investigation can be a very slow process in which a crime scene may be covered in products used by CSI.

Crime Scene Cleaning UK has the skills & experience to restore any scene of crime back to its original condition. All CSC technicians also carry with them a copy of material safety data sheets for all products used by CSI to ensure the best technique of cleaning a product and for the technicians health & safety.

We will also remove and safely dispose of any contaminated furnishings that cannot be restored.

Service provisions to forensics include:-

- ✓ Laboratory cleaning
- ✓ DNA/Molecular cleaning at Sexual Assault Referral Center's (S.A.R.C)
- ✓ Garage cleaning
- ✓ Scientific investigation support vehicle cleaning
- ✓ Decontamination & cleaning of crime scene tents
- ✓ Cleaning of stepping plates
- ✓ Cleaning of crime scene's after crime scene investigation

"We cover any part of the UK"

What do we offer?

In addition to having liability insurance of 10 million GBP, Crime Scene Cleaning UK also offers a safe, cost effective, reliable & professional service to all of its clients.

1st class customer service is at the core of the business. With this in mind CSC includes as standard to any service we offer :-

- ✓ Free Consultation
- ✓ Method statement(s)
- ✓ A completion certificate
- ✓ A copy of the technicians job card

Our commitment to you....

"Offering specialist cleaning at it's highest professional standard that cost effective putting you , our customers first"

"Service excellence as standard"

Highways

Road traffic collisions can cause trauma to all those involved whilst tailbacks are inconvenient to road users.

Crime scene cleaning can be at the scene of an accident in very little time clearing up & removing any blood, human tissue or body parts quickly, safely & with a professional attitude to help re-open the highway as soon as possible.

Only specially trained CSC technicians work to the highest health & safety standards, wearing high viz clothing and only using vehicles with the correct markings and lights to work on the highways.

It is little known fact that it is illegal to wash blood or any other contaminants down the drains for fear of contaminating the sewer networks with disease.

Crime Scene Cleaning UK uses special technics that allows us to remove all traces of blood, bodily fluids & human tissue to sealed biohazard bins which are then incinerated.

Service provisions to highways include:-

- ✓ Road Traffic Collisions
- ✓ Removal of blood and bodily fluids from highways
- ✓ Decontamination of police or HATO vehicle's
- ✓ Removal & incineration of dead animals
- ✓ Removal & incineration of flesh & body parts
- ✓ Cleaning of crime scene's after crime scene investigation

"We cover any part of the UK"

Internal Environments

Gross filth left by a tenant or a clean up of a former cannabis factory is all in a days work for the technicians at CSC.

As highly trained professionals in this area, CSC can also extend it's services by offering it's clients a free consultation, a method statement and a certificate of completion as standard once any of our services has been completed. As licensed waste carriers, we offer a service to remove and safely dispose of all waste. Any contaminated items such as furniture or personal per sessions are catalogued before removal.

Service provisions to Internal Environments include:-

- ✓ Gross Filth
- ✓ Pigeon Guano
- ✓ Needle Search
- ✓ End of tenancy cleaning
- ✓ House clearance
- ✓ Home decontamination (due to sudden death)
- ✓ H1N1 swine flu decontamination & cleaning
- ✓ Clean up of former cannabis factories
- ✓ Flood & fire clean up
- ✓ Kitchen, washroom & shower room deep cleaning

"Service excellence as standard"

Specialized Cleaning Services for Police and Prison Authorities

Introduction

Crime Scene Cleaning UK is a specialist crime and environment management company based in Maesteg, South Wales.

Crime Scene Cleaning UK is committed to providing the emergency services, councils & NHS trusts with a fast, reliable & professional service covering the whole of the UK 24/7 365 days a year.

In addition to the services Crime Scene Cleaning has to offer, we also produce a certificate of completion and a method statement. Should any items we remove be incinerated we will also provide a consignment note.

At Crime Scene Cleaning UK, customer satisfaction is at the heart of everything we do. We are more than happy to provide evidence of this from any of our clients that we currently work with.
